

DELTA DENTAL NETWORKS

Save money on dental visits

Your dental plan lets you see any licensed dentist you want. But when you see a provider in our Delta Dental networks, you'll save money; and visiting a Delta Dental PPO dentist will give you an even better deal.

Choose Delta Dental providers to keep costs low

Your dental plan gives you access to Delta Dental, the largest network of dentists in the nation. You'll find Delta Dental providers close to home and across the country. Through Delta Dental PPO and Premier networks, we set limits on what dentists can charge for certain services. It's our way of connecting you with great care at even better rates.

Terminology

Balance billing: When a dentist bills a member for amounts disallowed by Delta Dental.

Delta Dental PPO dentists do not balance-bill members and thus offer the highest value.

Delta Dental Premier providers balance-bill members but not above their contracted fees so they also offer a level of protection.

Non-participating providers can balance-bill members.
