Bend Chamber of Commerce

Welcome to Delta Dental of Oregon

This is the place you come when you want more than a dental plan — because good health is about so much more than just the plan details.

Quality coverage for your smile

Healthy teeth are happy teeth. With Bend Chamber of Commerce Delta Dental of Oregon plans, you'll have access to quality in-network dentists.

DENTAL BENEFIT HIGHLIGHTS

Our Delta Dental of Oregon plans connect you with great benefits. Our plans include:

- Preventive services like exams, X-rays and periodontal maintenance that do not apply to your annual maximum
- Savings with in-network dentists
- Cleanings every six months, and additional cleanings for those with periodontal disease
- Superior customer service
- No waiting periods

Our dental plans also include useful online tools, resources and special programs for members who need a little extra attention for their pearly whites.

Delta Dental networks go where you go

Delta Dental Premier® plans

Premier plans offer members access to the Delta Dental Premier Network, the largest dental network nationally and one of the largest in Oregon. Almost 90 percent of dentists participate.

When they see Premier Network providers, there is no balance billing and they enjoy:

- A broad choice of providers
- Cost savings by seeing a Premier Network provider

Delta Dental PPOSM plans

These plans help you save money by connecting you with providers in the Delta Dental PPO Network, one of the largest PPO networks in Oregon. Almost 50 percent of Oregon dentists are PPO providers.

Dentists agree to accept the Delta Dental PPO Network fee schedule, which is typically lower than other networks. Members with PPO plans have more choice and control over their out-of-pocket costs.

When they use Delta Dental PPO dentists, they receive their plan's best benefit level and enjoy the most savings. You can also use out-of-network providers at a reduced benefit level.

Beyond borders

Whether you're traveling to Australia or Zimbabwe, AXA Assistance is there to help you find quality care, if you need it. Call them collect at 312-356-5971 any time and tell them you're a Delta Dental plan member. They will help you find care in your location so you can get back to feeling your best and enjoying your travels.

Please keep in mind that dentists outside of the U. S. are not considered participating dentists. Nonparticipating coverage limits will apply.

Delta Dental Direct Option with Willamette Dental Group

We partner with Willamette Dental Group and offer a Willamette Dental plan option in addition to our Delta Dental plans. When you choose the Willamette Dental option, you'll use the Willamette Dental network, offering nearly 50 northwest locations. To learn more about the providers and office options with the Willamette Dental plan, visit willamettedental.com.

Benefits that get you more

Our dental plans focus on more than just oral health. We have programs in place to help your employees with their whole health.

Health through Oral Wellness

When it comes to oral health, we know some people need more care than others. Delta Dental of Oregon's Health through Oral Wellness® program offers extra benefits to members who have greater risk for oral diseases.

The program uses a clinical oral health assessment to understand your risk of tooth decay, gum disease and oral cancer. Based on your risk score, you may qualify for additional cleanings, fluoride treatments, sealants and periodontal maintenance.

WITH EXTRA BENEFITS AND RELATED CARE, YOU CAN

- Take charge of your oral health
- Prevent oral health issues before they happen
- Access resources to manage your oral health
- Learn how to achieve and maintain better oral wellness

Oral Health, Total Health

Dental benefits that protect more than just your smile

Our Oral Health, Total Health program offers diabetic members more ways to care for their teeth and mouth — so they can keep the rest of their body healthy, too.

Having diabetes increases the risk of cavities, periodontal (gum) disease, tooth loss, dry mouth and infection. Members diagnosed with this disease are eligible for four prophylactic (preventive) cleanings or periodontal maintenance visits per year through our Oral Health, Total Health program.

Pregnant members who have periodontal (gum) disease are more likely to have a premature and underweight baby. Bacteria can enter the bloodstream through the mouth, and the body's response to the infection can trigger early labor. If you have already had two cleanings for the year, you will be eligible for another cleaning or checkup during your third trimester. This added preventive (prophylactic) visit is covered regardless of normal plan frequency limits.
