This individual plan will include recommendations for cleanings, restorations and preventive treatments. Most patients will receive a cleaning at their first visit, based on the assessment and recommendation from your dentist.

Can I get major work done right away?

The practice philosophy at Willamette Dental Group is to first diagnose and treat urgent conditions that pose an immediate threat to your oral health. The next priority is prevention; controlling the disease process. It is important that you be an active partner in maintaining good oral health to ensure the long-term success of the major restorative work you receive. Major restorative work is performed when your Willamette Dental Group dentist determines your teeth and supporting structures are stabilized, and when you have demonstrated a commitment to maintaining your oral health. This is the best way to ensure the long-term success of whatever major restorative work that you may need.

How do I change an appointment?
